

Keystone Links Golf Instruction

My name is David Miller and I have been teaching golf in Northumberland County for 10 years and I'm a level 3 teaching professional with the Canadian Golf Teachers federation. My teaching philosophy is one of personalized instruction for beginners focusing on the fundamentals of the swing and making an honest assessment for the student to improve. This will involve swing mechanics, equipment recommendations and fitness. Lessons conducted on Monday or Tuesday anytime at your convenience.

Other days, by appointment one week in advance please.
